The WALDEN Way

CHOOSE KIND

To our Incredible Camp Walden Campers and Staff,

This past summer, our theme was GO BEYOND.

Go beyond what is expected. Step outside your comfort zone. Notice the people around you. Include someone new. Stand up for someone else. And always, CHOOSE KIND.

When we think about what makes Walden so special, it always comes back to the same thing...the PEOPLE!!

It's our staff who set the tone and show what it means to take care of one another. It's our families who believe in the values we share at Walden. And, most importantly, it's our incredible campers who continue to grow, show kindness, and help make Walden the special community it is.

At Walden, we make an intentional choice to be our best selves and leave some of the judgement at the gate. When we all make the choice together, we create a community that feels different from anywhere else.

As we head into the ten months away from camp, we hope you'll carry these values with you. The way we treat people at Walden matters just as much when we are away from camp.

PAUSE BEFORE YOU POST

- Once you share a photo, video, or text message, it can quickly be out of your hands. Take a moment to think about how it might make someone else feel and whether it reflects the kind of person you want to be.

CHOOSE TO BE KIND

- Notice who might be feeling left out. Invite someone in. Send the text. Speak up when something doesn't feel right. Small choices can make a really big difference to someone else.

We are proud of all of you and the part you play in making Walden feel like home. Keep taking care of each other, keep choosing kind, and keep finding ways to GO BEYOND!

With so much love from Mark and me,

Lauren
